Flying model aircraft is a fun, safe, educational and rewarding activity. By accepting a Wintonbury Flying Club membership, I agree to comply with the AMA Safety Code for all applicable model aircraft operation. I am aware that the operation of model aircraft involves an element of risk, and in some instances unintentional accidents occur. I exempt, waive, and relieve the Town of Bloomfield Leisure Services Department from all current or future liability claims caused by negligence. I certify that I am in good physical condition for this activity.

Note: This waiver means that if I am involved in any claim or suit I will not proceed with any legal action against the Town of Bloomfield Leisure Services Department. I understand that this waiver does not waive or adversely affect my primary liability insurance coverage.

The Wintonbury Flying Club depends on the volunteer efforts of its members to help with field and club activities. It is therefore requested that you will be willing to devote at least two hours during the year to such activities. The club also depends on "being good neighbors" with respect to noise pollution so that we do not lose the *privilege* of flying at our site. Members must follow the rules outlined in the WFC Membership manual including those rules specific to noise and safety. The applicant agrees that the executive committee of the club reserves the right to discuss any application in executive session before accepting an applicant for membership.
